

What has our school done?

We have bought into Forge School Sport Partnership (Forge SSP) which will enable us to offer a wide range of activities to our pupils, staff and community members linked into the 5 main indicators of the funding.

We have planned/delivered the following:

Staff CPD

- Our PE coordinator has been released from timetable for **3** days throughout the academic year to enable thorough planning and preparation with regards to PE and School Sport
- Our PE Coordinator plans to attend a CPD and networking meeting on 13th February alongside other schools in the city
- Our lunchtime supervisors have been provided with refresher training.
- We have paid for a PE Specialist to enhance PE lessons and upskill staff.
- Various City wide PE and Sport training opportunities have been offered to all staff in school.

Increase Range of Activities

- We have introduced new coaches and sports into school including 'non-mainstream sports' such as karate and fencing and table tennis.
- We provide gymnastics and cheerleading clubs building towards the School Games Competitions
- Yoga is being introduced for pupils and staff
- All Year 3 and Year 4 pupils access specialised Badminton coaching
- We have implemented a team building day for our Year 6s involving outdoor and adventurous activity.
- Introduce a girls afterschool football club

Increase Competitions

- We have access to 15 Level 2 Sainsbury School Games and Forge SSP Competitions throughout the school year.
- We have access to 7 KS1 and KS2 Forge SSP Virtual Competitions throughout the year.
- We have attended local cluster festivals
- We have planned our Sainsbury School Games (sports day) to take place **in July**
- Throughout the year we plan to deliver 6 Level 1 Intra Competitions within our school
- Our Pupil Premium children have competed in an inter-school Dodgeball Competition

Engagement of all Pupils in Physical Activity

- We have a wide range of after school clubs taking place every day of the week
- We provide targeted clubs such as the 'Private Party' clubs at lunchtimes for our Pupil Premium children
- To ensure every child is physically active we have structured activities on a rotation basis at lunchtimes delivered by lunchtime supervisors

- Through the use of our Y5 Play Makers, Year 3 children are able to access structured physical activity every lunchtime
- Pupils participate in the daily mile (3 mornings per week)

Raising the Profile of PE and School Sport across Whole School

- We currently hold the 'Silver Games Mark' in recognition of our achievement
- We are exploring the option of introducing 'Maths of the Day' subject to staff feedback
- Considering the 'active 30 minutes', we plan to register for the 'active schools planner' and identify areas of the day where short bursts of activity can be introduced in lessons to improve concentration levels of pupils

In addition to the above we have/plan to:

- Complete a school audit of PE and School Sport
- Question staff regarding areas of personal development in PE
- Have trained 20 Y5 pupils in the nationally accredited SLUK Playmakers Award
- Provide local sport club contact details for pupils when necessary
- We will re-apply for the School Games Mark in the next window
- Target our most inactive children and offer them access to lunchtime activity once a week
- We report on our sporting success through our monthly Newsletter to parents
- We plan to raise the profile of PE through year group 'blogs' via our school website
- We are looking in to the practicality of raising our profile through social media sites such as 'Twitter'

How we propose to spend the funding?

Sports Premium

Income	Amount (£)
Sept 2017 – March 2018 Budget Allocation	10,400
April 2018 – August 2018 Expected Budget Allocation	9,600
