November 5th 2019

Dear Parents/Carers of Y5 children

Our DT topic for this term is to investigate bread. We will be thinking about the different types of bread that are eaten throughout the world and why bread is an important part of a balanced diet.

During the week beginning 11th November we are going to make bread. We will follow a plain white loaf recipe and then on 21st November we will taste a selection of flavoured bread. During the week beginning 25th November we will then make bread for a second time and this time the children will choose what they would like to add to the basic recipe to create their own 'designer' bread.

Also, in our Geography topic we are learning about Spain. We will be discussing Spanish food and will be providing the children with a selection of Spanish tapas during a special afternoon devoted to Spanish activities. The children will be requesting or declining the food using the Spanish learned this term in their Spanish lessons.

We will provide all the ingredients for the basic bread recipe (which the children will use twice), all the flavoured breads for the tasting session and the tapas. There will be a charge of £3.00 to cover all these costs.

Your child will only need to bring in the ingredients they have chosen to flavour their bread with. We will discuss this in school and they will bring home their own list of required ingredients.

We are always grateful for any offers of assistance with these activities. If you are able to help out with your child's class, please let the class teacher know on the attached slip.

Please complete the slip below to indicate any special dietary requirements that your child may have. If this slip is not returned your child will not be able to taste any of the bread products or try the tapas. Please return it by Monday 18th November.

Thank you for your support with these activities.
