

## **Home, blended or remote Learning due to Covid19**

Following the Prime Minister's announcement on Monday 4 January, school will only be open to a limited number of pupils in accordance with the government criteria.

Home learning will be delivered (via zoom) by a member of teaching staff to all pupils, regardless of whether pupils are in school or learning from home.

There will be two Zoom sessions each day, one in the morning to explain the day's work and another later in the day to catch up. The work accessed at home will be the same as the work being carried out in school.

You can also see our Remote Learning Provision Policy [here](#).

Each year group's current 'Medium Term Planning' are also available below:
