

As a Rights Respecting School, we are committed to helping the children to develop an understanding of the Global Goals and take action to help meet these goals. In 2015, world leaders agreed to 17 Global Goals (officially known as the Sustainable Development Goals). These goals have the power to create a better world by 2030, by ending poverty, fighting inequality and addressing the urgency of climate change.

As part of our Global Goals work, each class learnt about a different goal and created a poster to reflect what they had learnt. Here you can see them displayed in the school hall.
