

100 Books to Read

Every year, we invest in our classroom libraries to ensure that children can access a range of excellent books for personal reading. Our class libraries all contain copies of at least 100 books that have been chosen as excellent reads for Y3/4 and Y5/6 and class teachers will actively promote these books, encouraging children to aim to read as many of them as possible. Here are the links to the lists of 100 books:
