

Primary Physical Education and Sport Premium

The government is providing additional funding of £320 million to improve provision of physical education (PE) and sport in primary schools. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport - will be allocated to primary school headteachers.

This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport that they offer.

This means that the premium should be used to:

- develop or add to the PE and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

There are 5 key indicators that schools should expect to see improvement across:

- the engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
- the profile of PE and sport is raised across the school as a tool for whole-school improvement
- increased confidence, knowledge and skills of all staff in teaching PE and sport
- broader experience of a range of sports and activities offered to all pupils
- increased participation in competitive sport

For example, funding can be used to:

- provide staff with professional development, mentoring, training and resources to help them teach PE and sport more effectively
- hire qualified sports coaches & PE specialists to work alongside teachers to enhance or extend current opportunities
- introduce new sports, dance or other activities to encourage more pupils to take up sport and physical activities
- support and involve the least active children by providing targeted activities, and running or extending school sports and holiday clubs
- enter or run more sport competitions
- partner with other schools to run sports activities and clubs
- increase pupils' participation in the [School Games](#)
- encourage pupils to take on leadership or volunteer roles that support sport and physical activity within the school
- provide additional swimming provision targeted to pupils not able to meet the swimming requirements of the national curriculum
- embed physical activity into the school day through active travel to and from school, active playgrounds and active teaching

What has our school done?

We aim to provide a high-quality Physical Education curriculum, which inspires all our pupils to reach their individual potential in competitive sport and other physically demanding activities. We are very proud of the fact that some of our children have fostered a love for sport that they first experienced in school and have continued and developed this activity outside school. E.g. Hallamshire Harriers, Diving, Karate.

Due to the impact of the Coronavirus pandemic, much of what we hoped to offer and would still like to offer our pupils has and may still be affected. Our current plans are therefore based on restrictions being lifted and school being able to run 'normally'. However, we have replaced much of the sports/PE equipment for games lessons and we have also invested in equipment for 'bubbles' so that we adhered to government guidance.

We have renewed our membership for Forge School Sport Partnership (Forge SSP) which continue to offer a wide range of activities to our pupils, staff and community members linked into the 5 main indicators of the funding.

We have planned/delivered the following:

Staff CPD

- We have introduced a widely acclaimed online PE resource to underpin our PE curriculum.
- Our PE Co-ordinators attend regular networking meetings alongside other schools in the city.
- We have paid for a PE Specialist to enhance PE lessons and upskill staff.
- Various Citywide PE and Sport training opportunities have been offered to all staff in school.
- Following staff wellbeing yoga sessions, staff to promote yoga to pupils when able to do so.

Increase Range of Activities

- Where possible we have continued to provide a range of coaches and sports into school including 'non-mainstream sports' such as karate and table tennis and more recently Yoga before and after school.
- We provide subsidised gymnastics, street dance and yoga, building towards the School Games Competitions, although they may not happen this year.
- We are subsidising the annual Edale Residential Trip (Outdoor Adventurous Activity) for our Year 6, which is now taking place during the school week. This may take a different format this year due to COVID19. 90% of our Y6 pupils attend.
- Introduction of a subsidised Y4 outdoor activity session at Scarborough.

Increase Competitions

- We have access to KS2 Forge SSP Virtual Competitions throughout the year.
- We have planned our School Games (sports day) to take place **in July**
- Throughout the year, we plan to deliver Intra Competitions, within our year group bubbles.
- We are introducing a Government initiative 'Beat the Street'

Engagement of all Pupils in Physical Activity

- We are able to offer a wide range of after school clubs taking place every day of the week when restrictions lift.
- We hope to provide targeted clubs such as the 'Private Party' clubs at lunchtimes for our Pupil Premium children.
- We have increased the amount of playtime equipment and encourage every child to be physically active with timetabled lunchtime allocation of playtime equipment.
- Many of our pupils enjoy taking part in running or walking 'the daily mile' (4/5 mornings per week).
- We delivered at least one session of Karate to all year groups.

- We have invested in further sports equipment to ensure each 'bubble'/class has sufficient equipment to meet the COVID19 government guidelines and still encourage physical activity.
- We also intend to offer a mindfulness yoga session to all pupils.
- We plan to improve our existing PE areas.

2020/21 – National Curriculum Requirement

All Year 4 pupils attend swimming lessons during the school day (over a 9-week programme), with the following percentage of the current Year 6 cohort meeting the national curriculum requirement to:

- Swim competently confidently and proficiently over a distance of at least 25 metres. 2018/19 - 89%
- Use a range of strokes effectively. 2018/19 – 92%
- Perform safe self-rescue. 2018/19 – 96%

Raising the Profile of PE and School Sport across Whole School

- We endeavour to create opportunities throughout the school day to raise activity levels (to achieve the 'active 30 minutes') to improve concentration levels of pupils. For example: Go Noodle, Daily Mile and Supermovers & IMoves.
- We have implemented the 'Get Set for PE' programme to enhance our PE teaching.
- Partnerships in virtual events such as skipathon and virtual competitions citywide.
- We have also participated in virtual school games along with pupils home learning.

In addition to the above, we have/plan to:

- Hold our whole school games (restrictions permitting) and meet the criteria to achieve the 'Gold Games Mark'.
- Complete a school audit of PE and School Sport
- Support staff regarding areas of personal development in PE
- Provide local sport club contact details for pupils
- We will re-apply for the School Games Mark in the next window
- We have encouraged our children to become more active at playtime, with the introduction of more playtime resources.
- We report on our sporting success through our monthly Newsletter to parents
- We plan to raise the profile of PE through year group 'blogs' via our school website
- We regularly distribute leaflets, promoting sporting activities and events
- We authorise pupil absence for pupils that represent sport at a higher level.
- Promote a healthy school, regarding drinks, snacks and lunches.
- Target the swimmers that need to 'catch-up' to meet the national curriculum criteria.
- Invest in improving the existing playground and outdoor facilities.

How we propose to spend the Sports Premium funding?

Income	Amount (£)
Budget Allocation – Sept 2019-20 Underspend Due to Covid19	6,500
Budget Allocation – 2020-21	20,840
Total September 2020 – August 2021	£27,340
Expenditure	
Supply Cover:	
Audit & PE Statement	250
Outdoor Adventure	
Y5 Forest	500
Equipment	
Playground & PE Equipment	2,300
Curriculum Support	
Forge School Partnership (Sports Premium) membership	1,275
Forge Curriculum sport & after school provision	5,465
